## Parts

Cart Base & Wheels

Standard Back

Figure 1

### **Instructions:**

- 1- Remove the handle and cart from the package and stand cart on its wheels.
- 2- Insert the handle into the sockets on the end of the cart frame (see Figure 1) so that the handle tilts away from the cart.
- 3- Secure the handle to the cart frame by using a 9/16" wrench to tighten the bolt on each socket (see Figure 2).
